Retransmitted with compliments.

SECY. LAW-DEPT. 1612 7/8/43 GOVT OF MYSORE

8) The issue of Government Notification No.G.10295/Med. 266-42-2 dated 1-3-1943 was the result of my proposal to conserve cinchona products in the Mysore State. My suggestion was not only to prohibit the felling or disposal of cinchona trees or bark but also the disposal of cinchona products. But the Government Notification of 1st March 1943 pertains only to the prohibition of "the felling or disposal of cinchona trees or parts of cinchona trees". The present correspondence reveals that there is at least one gentleman - there may be some others engaged in such business - in the Mysore State who is exporting cinchona bark to an outside agency who would in return sell the same commodity in a different form (pill or powder) to us at an exhorbitant rate. It would therefore be adviseable to commandeer all cinchona products available in the State and to prohibit their export so that this drug may be available for the requirements of the State. I would suggest that the Chief Conservator of Forests in Mysore be appointed as Controlling Officer for this purpose, and a Notification issued prohibiting the export of cinchona or cinchona products, outside the Mysore State.

920 No. 10/43-44 dated 26-8-43

Retransmitted with compliments:-

14) Government Notification No. G. 10295/Med. 246-42-2 dated 1st March 1942, prohibits only the felling and disposal of cinchona trees or parts of cinchona trees whereever found in the State. The Senior Surgeon's proposal is not only to prohibit felling and disposal of trees or parts thereof but to control the movement of cinchona and all cinchona products. I agree with his suggestion of prohibiting exports outside the State and to bring cinchona products also under such prohibition.

15) As regards the appointment of controlling Officer, the Senior Surgeon would, in my opinion be in a better position to control exports in view of the inclusion of all cinchona products within the scope of the prohibitory order.

Chief Conservator of Forests. 26/8

GOVT. DIRECTOR No. G.123 15 SEP. 1943 INDUSTRIAL CONCERNS

No. G.591

Encl. no file.

Returned with compliments:

24) Copy of the General Manager's report on the subject is appended.

25) It is stated in the notes above that the quantity of the Cinchona products produced in the State is not likely to be larger than what is required in the State. In any event it is desirable that the export of Cinchona bark or parts of Cinchona trees outside the State is prohibitive.

SECY. LAW DEPT. 1881 GOVT OF MYSORE

26) It is not known how much of the Cinchona bark produced in the State is processed annually within the State by the Pharmaceutical Manufacturers. The figures relating to the Government Industrial and Testing Laboratory have been furnished by the General Manager. Those relating to other private firms such as Mysore Pharmaceutical Industries and other private firms have to be ascertained. Perhaps the Senior Surgeon can do so. It is not clear how much of the output of Cinchona preparations, mainly tinctures and extracts, is being exported outside the State by the private manufacturers or dealers in the State. This information has to be ascertained at least approximately. So far as the Industrial and Testing Laboratory is concerned export is being made only when there is surplus production over the requirements of the State. Exports outside the State by the concern can be stopped, if found necessary to meet local needs by the undersigned on the request of the Senior Surgeon without a control order. It is not known whether prohibition of export of Cinchona products is in force in the British Indian Provinces, particularly Madras and Bombay. If there is none in those provinces it may not be desirable to introduce a prohibition in the State as it may have the effect of stopping imports of Cinchona productions and perhaps Quinine products too from outside.

A

B

Copy of report No.289 dated 28th September 1943 from the General Manager, Industrial and Testing Laboratory, to the Government Director, Industrial Concerns, Bangalore.

Sub: Control on export of Cinchona products and Cinchona bark.

---

27) With reference to the above, the following note is submitted:-

The Unofficial file raises ~~xxx~~ two issues:-

(i) Export of Cinchona bark, and,
(ii) Export of Cinchona products.

As regards the first, our annual requirements are about half a ton and even if demand increases enormously, we may never exceed one ton. We are getting our supplies now from the contractors Messrs. Volkart Brothers and it is of the right quality. We tried some samples of Mysore bark, but found it very deficient in the alkaloidal content. Whether it was due to the intrinsically bad quality of the bark or due to the bark having been removed at a wrong time, it is not possible to say. We have never felt any trouble so far in getting the bark from the firm referred to above. If the Chief Conservator of Forests can supply us bark of good quality, we shall again try and see if we can use it. For tinctures and other preparations it may be possible to use bark of Mysore quality by processing a larger quantity of it. But weight for weight the cost will be more. On the otherhand, for totaquina, where the deficiency of quinine has to be made up by artificial addition of this alkaloid, the lower yield from the Mysore bark would be of consequence, quinine not being available ~~xx~~ ~~xxx~~ even in small quantities. The quantity of Cinchona bark available in the State is not known and it is not possible to say whether all the produce can be consumed by us.

As regards Cinchona preparations, there are four:-

Ext. Cinchona soft, Ext. Cinchona Liq, Tr. Cinchona and Tr. Cinchona co.

The demand for the last two is greater while the first two receive only stray enquiries. These products are sold in and outside the Mysore State. Whatever we are selling outside the Mysore State is being arranged through our agents. The products mentioned above, with the exception of Ext. Cinchona soft, are alcoholic products, and as such, there is a good deal of delay already in exporting them outside the State since an excise permit is to be obtained. If this restriction of obtaining license through the Controller is also imposed, further delay will be caused, patients will have to suffer without medicine many a time and our business will be reduced. Besides, there is scarcity for Quinine and Quinine ~~xxx~~ salts, and as such, it is only Tr. Cinchona and Tr. Cinchona co. that are ~~x~~ available for malarial patients. We have never had any difficulty in supplying the demands from Mysore, otherwise no products would have been exported outside the State. Hence restriction on exports of Cinchona products would not be of benefit.

Control on export of cinchona and its products

634

Continuation Sheet. File No. Current No. of Page.

Gc.59-3
23.2.44

Retransmitted with compliments.-

31) There are at present no means to ascertain what quantity of Cinchona bark is available in the Mysore State or how much of this is either consumed by private firms in the State or exported outside. Nevertheless it may be presumed that quite a quantity of cinchona bark is being exported outside the State for commercial purposes. I am convinced that there are several persons in the Mysore State who are engaged in the export of this commodity - as is evidenced by the enquiry made by Messrs. Hind Chemicals Ltd., Cawnpore - though the extent of their business still remains unrevealed. It is with the view to assess the extent of this business that I have proposed the commandeering of all Cinchona products available in the State and to prohibit their export. When this is done the quantity of Cinchona available in the State would easily be known as the owners would then be bound to reveal the figures to the controlling authority. I would suggest that the controlling authority be vested with the same officer as may be appointed as Licensing Officer under the Drug Control Act and that in the meanwhile, necessary notification prohibiting the export of Cinchona or Cinchona products be issued very early.

32) I am not aware of the rules in this respect in Madras or Bombay.-

Senior Surgeon

LAW DEPT. MS 3 25.3.1944

(133) This may be sent to Dir Agy re A

Law dy

23-2-44

Cinchona Tree & Bark, cultivation, felling &c, are also apparently germane to the Forest Dept, but the D.C.C. F would have the Sr Surgeon as the Controlling Officer.

The products from the material relate to medicine, but the Sr Surgeon would not-

have the Control with him. He wants the licensing authorities under the Drug Control order to be the licensing authorities for the export of Cinchona also. The scope of the said order is absolutely different & the suggestion does not seem to be appropriate.

In the end, the file has been returned to the D.F.C. Branch which has no relation either with the Forest or the Medical Dept.

3(b) The G.D.C.I.C States — Vide C in para 26 of note above — that he could stop the export from D.D.L without a Control order, on the Surgeons request. But the Control would not be full & effective.

~~No best course appears to be~~ If all the procured quantity of the bark is not to be used up in the State itself, there will be no good Commandeering & prohibiting the export of the products.

3(c) As a measure of first instalment however the export of the bark may perhaps be prohibited as suggested by the D. Surgeon with the C.I.E. as the licensing authority. It would then be fair to know the exact quantity of the bark available in the State & the extent of Processing. Export of products could be tackled later on, if ~~found~~ suggested by experience.

3(d) If this suggestion be accepted, further action

has to be taken in the Forest Section (Ag & R) Branch

GOVT OF ... 2 ... 19 ... SECRETARIAT

Continuation Sheet. File No. / Current No. of Page.

5

There seems to be a confusion between Cinchona bark as such and Cinchona products. What has been ordinal prohibited at present is merely the felling of Cinchona trees & parts thereof. Obviously, therefore, there can be no export of such trees or parts thereof & it seems unnecessary to continue the order prohibiting the export. On the other hand, it is a point for consideration whether the existing order should not be relaxed in the interest of the bark of the Chinchona. The G. M. of the S.F.S. says that he is interviewing the Ayurvedic bark as it is not suitable at all. The bark he requires he gets from outside. This, however, for him to hand to give the Ayurvedic bark a further trial if the Forest Dept. can supply bark of better quality. This is for the C.C.F. to consider.

8 As regards Ayurvedic bark used by pharmaceutical manufacturers, such as, the Ayurvedic & Pharmaceutical Industries, etc., an enquiry should be made of the actual quantity required by them to ensure. The Dist. Off. may be asked to furnish a list of all such manufacturers, who may be asked about their requirements. It is also necessary to ascertain at first the approximate quantity of bark produced in the State. The C.C.F. & the Dist. Off. may be asked about this. Mr. K. M. Rama Rao of Kalaspur Estate, Koppa Taluk, may also be asked to furnish some information about this. When all this information is obtained, the question of amending or withdrawing altogether the existing order may be considered. If there is no use for all of this bark with the

14 Cinchona bark & Products. Prohibition of export

Continuation Sheet. File No. Current No. of 713 Page.

State itself, it seems unnecessary to prevent the export of any surplus quantity that may be available. Moreover, as felling or distillation is prohibited, apparently even the manufacturers with State itself cannot obtain any of this bark this provision also requires consideration if it is necessary to retain the order at all. Some provision should be made for meeting the requirements of bona fide manufacturers.

(b) As regards Cinchona products, in view of the fact that the G.M., I.T.L. & the G.O.I.C. have stated, it is unnecessary to prohibit export, at present, so far as the I.T.L. is concerned. As regards foreign manufacturers, however, information should be obtained of the extent of such manufacture, whether from material is obtained, & whether there is a demand in the State itself for all that is produced. Quality of finished manufactures is obtained, as suggested above, the above information could also be obtained from the manufacturers themselves.

(c) As regards the question of obtaining leaves, information may be obtained from the Govt of Madras (Law Dept) C 7/5

Thos. J. Walsh
GS 21/7
21/7/43

57) As the circumstances of the SS the Government caused a notification on 18th March 1943, prohibiting the felling or disposal of cinchona trees or parts of cinchona trees wherever found in the State as it appears to be necessary to conserve all sources of quinine in the State.

Thos J

58) The Swiss Chemicals Company in their letter of 17th June & 22nd July 1943, requested this Govt to intimate the authority to whom they shd apply for release of the drug, as their Suppliers cannot in ability to supply them on acc of the prohibition imposed for felling & disposal of cinchona trees.

59) The Govt who was consulted stated that in addition to the prohibition imposed on felling & disposal of cinchona trees, the exports of Cinchona products from the State shd also be prohibited

60) The Govt of Industrial Concerns, who was consulted, stated that it is

was getting its supply of cinchona bark from mein Govt. Govt. & the bark supplied locally was not found to be quite suitable for their ~~suppl~~ purposes. He also suggested that it may be ascertained whether the prohibition of cinchona products is in force in Mr. Indian Provinces & if it is not, it is not desirable to continue such a prohibition in Mysore. The D.S. in whom was again consulted stated in his reply of 23. that he was not aware of the rules in this respect in Madras or Bombay, but & yet pressed for the prohibition of export of these articles.

61) The Dewan says, here in his note at pages 47-53 supra, has suggested that there seems now no need for such a prohibition & even the present restriction on felling & disposal of cinchona trees may have been relaxed in consultation with the DC of the & his CF.

62) In these circumstance, it does not seem wise to ~~continue the~~ prohibit the export of cinchona products from the State, as suggested by the SS. The existing restriction in regard to felling & disposal of cinchona trees or parts thereof is ~~about~~ a sufficient safe guard for preventing their export. As it is learnt that D.T. & is not using the local Cinchona bark, & also as it is not known how much of the cinchona products prepared by them concern in the State is exported outside Mysore, even the present restriction on the felling & disposal of cinchona trees may not have any use as opined by the Dewan.

63) If it is considered necessary to pursue the matter, the DC of the or some Combined may be further consulted or the matter closed.

U.O.No. 7 & 18.8.44 Returned with compliments to the Secretary to Government, Education Department.

66) The Surgeon-General to the Government of Madras was addressed to furnish information regarding the Control Orders which had been promulgated in the Madras Province regarding cinchona trees and products and their distribution. The reply dated 4th September 1944 received from him and the enclosures containing copies of the cinchona bark control order cinchona plantation order and the Madr cinchona products sales order, are enclosed herewith, in original for reference.

67) The Senior Surgeon in Mysore who was further consulted in the matter has stated in his letter dated 9th Nov 1944 that he is of opinion that parallel Cinchona Contro Order may be introduced in Mysore in the interests of the State and that the Deputy Commissioners may be made the Licensing Authorities.

Sent as per order 8/5/45

68) The Drugs Advisory Committee who considered this subject at a meeting held on 21st May 1945 [illegible] that it is desirable that suitable control measures regarding cinchona product and cinchona cultivation be adopted in Mysore State, on the lines adopted in Madras Province already.

69) As the largest consumer and distributor of cinchona products and quinine is the Medical Department itself, I consider that the Civil Supplies Department does not come into the picture in this matter and that the Senior Surgeon like the Surgeon-General in Madras, must take the necessary initiative and measures for proposing suitable control orders in this State, while the Deputy Commissioners may be the Licensing Authorities as proposed by th Senior Surgeon, The District Medical Officers should as in Madras be the controlling officers for granting permits to the licensees for the purchase and sale of the cinchon products, for making inspections and otherwise checking their activities.

70) Regarding paras 48 and 49, further information required has to be obtained from the Director of Industries and Commerce.

GOVERNMENT OF MYSORE

No. Ec.73-7 OFFICE OF The Senior Surgeon in Mysore,
Encls. Enclosures. Bangalore.

Date 13-X-45.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Education Department, Bangalore.

EDUCATION SECRETARIAT No. Date 14/10

Sir,

Sub.- Ban on export of Cinchona.

- - -

With reference to your letter No.M.1626/Med. dated 25th August 1945 on the above subject, I have the honour to state that as hostilities have now ceased, cinchona situation is bound to improve rapidly. Chemical substitutes for Quinine will also be more easily imported and available. I am therefore of opinion that there is no need now to institute control measures regarding export of Cinchona. The enclosures received with your letter are herewith resubmitted.

I have the honour to be,
Sir,
Your most obedient servant,

Senior Surgeon

TVD.

Letter from the Government of India, Department of Education Health and Lands, No.D.619/B/42-D dated: 30th Novr. 1942.
Letter from the Government of India, Department of Education Health and Lands, No.D.619/B/42-(D) dated:3rd December 42.

O R D E R:

The appended notifications will be published in the Fort St. George Gazette:--

2. The Collectors of Districts are informed that licences for the disposal of Cinchona bark by way of sale or gift or otherwise should not be granted to any person without the sanction of the Government.

3. The Director, Cinchona Department, is informed that no licence for the transport of cinchona bark to stations outside the Province should be issued unless the consignment is intended for the Bengal Government Cinchona Department in which case the sanction of the Government should be obtained before any licence is issued.

4. The Collectors of districts are requested to give wide publicity to the appended notifications in the areas where cinchona is grown.

APPENDIX.

NOTIFICATION I.

In exercise of the powers conferred by sub-rule (2) of rule 81 of the Defence of India Rules, His Excellency the Governor of Madras is hereby pleased to make the following order:-

p.t.o

1. (1) This Order may be called the Madras Cinchona Bark Control Order, 1943.

(2) It extends to the whole of the Province of Madras.

(3) It shall come into force on and from 7th January 1943.

2. In this Order unless there is anything repugnant in the subject or context:—

(a) "cinchona" means cinchona plants and trees of all species:

(b) "cinchona bark" means the integument of the trunk, branches and root of cinchona.

(c) "Collector" means the Collector of the district concerned.

(d) "Disposal" means transfer by way of sale, gift or otherwise

(e) "Grower" means a person, firm or association growing Cinchona in the Province of Madras by his or its own labour or through the agency of servants or tenants and includes any person, firm, or association having in his or its possession cinchona bark:

(f) "licensee" means any person, firm of association to whom a licence is issued under this Order, and

(g) "licensing authority" means in respect of the disposal of cinchona bark a Collector or any other Government officer authorised by the Provincial Government to issue licences under this Order and in respect of the transport of cinchona bark, the Director, Cinchona Department, Ootacamund.

3. DISPOSAL OF CINCHONA BARK: On and from 7th January 1943, no grower shall dispose of cinchona bark by way of sale, gift or otherwise, to any person or authority than the Government of Madras except under a licence issued by the licensing authority.

4. Every application for a licence for the disposal of cinchona bark shall be in Form I in the schedule to this Order and every licence for the disposal of cinchona bark shall be in the Form II in the said schedule.

5. TRANSPORT OF CINCHONA BARK-- On and from 7th January 1943 no grower or any other person, firm or association shall transport cinchona bark out of the Province of Madras, by sea, land or air except under a licence issued by the licensing authority.

6. Every application for a licence for the transport of cinchona bark shall be in FormIII in the schedule to this Order and every licence for the transport of cinchona bark shall be in Form IV in the said schedule.

7. If any person contravenes any of the provisions of this Order then without prejudice to any other punishment to which he may be liable any Court trying the offence may order that any stocks of cinchona bark, together with the packages and coverings thereof in respect of which the Court is satisfied that the offence has been committed shall be forfeited to His Majesty.

GOVERNMENT OF MADRAS.

Received.....1942. Registered.....1942

Abstract:

CINCHONA - Quinine Products -Control - Madras Cinchona Products Sales Order, 1942 - Issued.

DEVELOPMENT DEPARTMENT.

G.O.No.2599. Dated: 15th December 1942.

O R D E R:

The appended notification will be published in the FORT ST. GEORGE GAZETTE.

2. The Collectors of districts are informed that no dealers should be licensed for the sale of quinine until orders of the Government are issued in regard to the number of dealers to be licensed.

3. The Superintendent, Alipuram Jail and the Superintendent, Central Jail, Coimbatore are informed that quinine sulphate should not be sold to the dealers until further orders of the Government are issued in regard to the price to be charged from them, etc.

4. The Director, Cinchona Department, is informed that he should not hereafter sell Cinchona products to the planters, etc., so long as the Madras Cinchona Products Sales Order, 1942, is in force.

-- --

APPENDIX.

NOTIFICATION.

In exercise of the powers conferred by sub rule (2) of rule 81 of the Defence of India Rules, His Excellency the Governor of Madras is hereby pleased to make the following order:--

1. (i) This Order may be called the Madras Cinchona Products Sales Order, 1942.

(2) It extends to the whole of the Province of Madras.

(3) It shall come into force on and from the 20th December 1942.

2. In this Order, unless there is anything repugnant in the subject or context -- --

(a) "cinchona products" include quinine sulphate, cinchona febrifuge, totaquina and other drugs in the form of powder or tablets, manufactured from cinchona bark or quinine sulphate and supplied by the Superintendent, Central Jail, Coimbatore.

(b) 'Inspecting Officer' means -

(i) the District Medical Officer or any other officer of the Medical Department, not lower in rank than that of a Sub Assistant Surgeon, specially authorised by the Surgeon-General with the Government of Madras, in this behalf: or

(ii) The District Health Officer or any other officer of the Public Health Department, not lower in rank than that of a Health Inspector, specially authorised by the Director

the Director of Public Health, Madras in this behalf".

(c) "licencing authority" means a Revenue Divisional Officer, or any other Government officer authorized by the Provincial Government to issue licences under this Order.

(d) "licensed dealer" means any person licensed by a licensing authority to sell cinchona products:

(e) "Postmaster" means ~~any person licensed by a licensing authority to sell cinchona products:~~ the principal officer in charge of a Post office

(f) "private registered medical practitioner" means any person who has been registered under the provisions of the Madras Medical Registeation Act, 1914 or is a Licentiate in Indian Medicine and who is not in the employment of the Government or of any Local Board or Municipal Council.

(g) "Proprietory Mixture" means any preparation intended for sale to the general public as a remedy, or preparation for internal or external use for human beings or for treatment of animals which is not included in the latest edition of the British Pharmacopeeia or of the Pharmacopoeia of the United States of America".

3. On and from the 20th December 1942 no person shall sell cinchona products supplied by the Superintendent, Central Jail, Coimbatore, except under a licence issued in that behalf by a licensing authority.

Provided that this clause shall not apply to the sale of such Cinchona products by (i) Any Postmaster (ii) the Depot Keeper, Government Products Sales Depot, Mount Road, Madras or (iii) any person specifically exempted by the Provincial Government from the operation of this clause".

4. Licences issued under this Order to persons other than private registered medical practitioners shall be in Form I in the schedule to this Order, and licences to private registered medical practitioners shall be in Form II in that Schedule.

5.

5. If any person contravenes any of the provisions of this Order or any of the conditions of the licences contained in the Schedule to this Order, then without prejudice to any other punishment to which he may be liable any Court trying the offence may order that any stocks of cinchona products together with the packages and coverings thereof, in respect of which the Court is satisfied that the offence has been committed, shall be forfeited to His Majesty"

SCHEDULE.

FORM I.

(Persons other than Registered Medical Practitioners)

(Free of fee)

1. Subject to the provisions of the Cinchona Products ~~xxxxxxxxxxxxxx~~ Sales Order, 1942 and the conditions of this licence.....* is/are hereby licensed to purchase cinchona products in the form of powder or tablets from the Superintendent, Central Jail, Coimbatore for sale to the public

public and private registered medical practitioners.

*Here enter the name of the licensee

2. Cinchona products will be supplied to the licensee by the Superintendent, Central Jail, Coimbatore, in convenient packets subject to availability of stock, by value payable parcel. The licensee will be allowed a commission of 20 per cent on his outlay: that is, he will be supplied with cinchona products to the sale value of Rs.120/- for every Rs.100/- paid by him including parcel and money order charges.

2-A. The licensee shall apply to the District Medical Officer of the district concerned for a permit for the purchase of cinchona products. The application shall be in form B and the permit shall be in form C in the Appendix. He shall enclose the permit along with his indent to the Superintendent, Central Jail, Coimbatore."

3. Cinchona products shall be sold at.....†

† Here ~~enter~~ specify the place of business of the licensee.

4. The packets of cinchona products shall be sold at the rates notified from time to time by Government in the FORT ST. GEORGE GAZETTE.

5. Cinchona products shall be sold in the original packets as supplied to the dealer with the package and seal intact.

6. The licensee shall not adulterate any cinchona product sold by him.

6-a. The licensee may use quinine sulphate or cinchona febrifuge in mixtures for the treatment of malaria but not in proprietory mixtures.

7. The licensee shall --

(a) maintain a register of receipts and sales of cinchona products in form 'A' in the appendix and shall take the signature or thumb impression of every person to whom the cinchona product is sold:

(b) furnish to the Superintendent, Central Jail, Coimbatore, on the 5th of every month or whenever he applies for recoupment of sales, a correct and true datewar abstract of sales and balance of stock as taken from the register of receipts and sales with a declaration of the quantity of stock he has on hand:

(c) furnish to the District Medical Officer of the district concerned on the last day of every month a statement showing the balance of stock available with him: and

(d) produce the register of receipts and sales of cinchona product

cinchona products and the stock of cinchona products for inspection by inspecting officers at the premises where, and at any time during which, the licensee transacts business: and

(e) indent for recoupment of stocks as soon as the stocks on hand fall below a third of the monthly requirements which shall be determined with reference to the actual sales during the previous three calender months"

8. The licensee shall exhibit in a prominent position at his place of business a statement showing the prices of cinchona products as fixed by the Government from time to time.

9. The licensee shall issue to every purchaser a correct receipt or invoice giving the name and address of the purchaser, the date of transaction, the quantity sold and the price charged and shall keep a duplicate of the same for inspection on demand by any inspecting officer.

10. No cinchona products shall be sold to a private registered medical practitioner, except on the production of a permit signed by the District Medical Officer of the district in which the practitioner exercises his profession. The quantity to be sold shall not exceed that specified on the permit and shall be limited to a quarter pound of tablets or powder of quinine sulphate or to half a pound of tablets or powder of cinchona febrifuge at any one time".

11. The sales to any other person at any one time shall be limited to two tubes of ten tablets each of quinine sulphate or to four tubes of 10 tablets each of cinchona febrifuge".

12. The licensee shall not refuse to sell any cinchona product to the public uness he has no stock on hand or the quantity asked for is in excess of the limits prescribed in clauses 10 and 11.

13. The licensee shall not sell cinchona products to Government, Local Fund or private hospitals and dispensaries or to employers of plantation or factory labour.

14. If during the currency of a licence, the licensee desires to carry on his business at new premises, he shall intimate his intention to the licensing authority at least fifteen days in advance, specifying the address of the new premises and the licensing authority shall amend his licence suitably. The licence shall thereupon hold good in respect of the new premises until the close of the financial year.

15. A licence once granted shall expire at the end of the finahcial year unless it is cancelled in the meantime.

16. Applications for the renewal of licences shall be submitted to the licensing authority so as to reach him at least one month before the commencement of the finahcial year

-5-

financial year for which the renewal is required.

17. When the renewal of a licence has been applied for in accordance with the provisions of clause 16, the licensee shall be entitled to continue to sell cinchona products even after the expiry of the licence until an order refusing the renewal of the licence is received by him.

18. Where a licence under these rules is lost or accidentally destroyed a duplicate of the licence may be granted on payment of a fee of four annas.

19. The licensee shall not have in his possession or under his control any quantity of cinchona products in excess of the net quantity disclosed by his accounts and if any such excess quantity is not properly accounted for by the licensee it shall be liable to be confiscated by the Government.

20. The Government reserve to themselves the power to revise the prices of cinchona products and to amend or add to the conditions of the licence without notice.

21. Contravention of any of the conditions of this licence whether by the licensee or by his agent or servant or by any person who can reasonably be presumed to have been acting on his behalf shall render the licence liable to cancellation and the licensee shall be punishable with imprisonment for a term which may extend to three years or with fine or with both.

22. Every order cancelling a licence shall be made by the licensing authority in writing and shall specify the reasons for cancellation. A copy of the order shall be communicated to the licensee who shall have a right of appeal against the order to the Collector of the district in which jurisdiction his place of business is situated.

For Sec

Letter No. A3 C. 3533/44-45 1252 dated 2.5.45 from the Deputy Commissioner, Kadur addressed to the Secretary, Education Dept, prohibiting the export of Chinchona Bark outside Mysore State

Letter No. B.M 1689-1 5.5.45 from the office of the Director of public Health, to the Secy, Law Dept, on the same subject.

Referred to, this file was received from the Medical Branch G.R.S. for putting up the notification file leading to the notification No. 10295/Med 246-42-2 which relates to the sale of Cinchona bark/ has not been put up

23/5 The Dy Commr, Kadur Dt states that as the transport of Chinchona bark outside the state has not been prohibited by the issue of any notification the Railway authorities continue to book consignment to places outside Mysore State. He further adds that railway authorities say that they could not issue any specific instructions for the non-acceptance of the consignments tendered by the parties in the absence of the notification to the contrary. He therefore recommends that the required notification prohibiting the export of this Commodity outside the State whether by Rail or road may kindly be issued the Director of public Health being authorised to issue permits for its transport.

1252/
C

The Director of public health, expresses the same opinion and requests to have a notification issued prohibiting the acceptance of cinchona bark for transport outside the state by private parties at the rail head. and he recommends that the Govt may be moved to appoint a local officer empowering him to issue licenses for transport within the state.

If approved, this will be referred to C.C.S. for favour of remarks

23/5.

The Dir of Health is of opinion that the export for transport of Chinchona bark outside the state ~~to be prohibited~~ by private parties at the rail head within the state has to be prohibited, and that a local officer empowered to issue licences for transport within the state may be appointed.

The C.C.S may be Consulted Dr. O.C. 16 apps.

OFFICE OF THE DEPUTY COMMISSIONER,
KADUR DISTRICT,
CHIKMAGALUR, Dated 2-5- 1945

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
Education Department,
BANGALORE.

Sir,

Re: Export of Cinchona Bark.

I have the honour to state that the selling or disposal of Cinchona trees or parts of cinchona trees has been prohibited in Government Notification No.G.10295/Med.246-42-2 dated 1st March 1943 - which has been published in page 253 part III(i) of the Mysore Gazette dated 4-3-1943. As the transport of this commodity outside the state has not been prohibited by Government, the Railway authorities continue to book consignments to places outside the State. The Railway authorities had issued a priority certificate to one Mr. Nandalal Bardolikar for booking three cwts of cinchona bark from Chikmagalur to Cawnpur. On enquiry, the State Controller of Railway Priorities, Mysore State, has replied in his letter dated 30-4-1945 that it will not be competent for him to issue instructions for the non-acceptance of the consignments tendered by parties unless a Government Notification is issued under the Defence of India Rules, prohibiting

prohibiting the transport of the commodity and if the Government are pleased to consider it necessary, the Officer empowered to issue licenses for such transport. A copy of his letter is enclosed for favour of reference.

In the circumstances, I request that the required notification prohibiting the export of the commodity outside the State, whether by railway or road, may be kindly issued, the Director of Public Health being authorised to issue permits for its transport.

I have the honour to be,
Sir,
Your most obedient servant,

for Deputy Commissioner,
Kadur District.
Absent-from Station

TSS.3

LETTER NO. P.731/44-45 dated 30-4-1945 from the Controller of Priorities for Rail Transport in Mysore State, Mysore, to the Deputy Commissioner, Kadur District, Chikmagalur.

Sub:- Export of Cinchona bark.

--

With reference to your letter No.A3.C.3533/44-45 dated 17-4-45 on the above subject, I write to inform you that on the request of the Regional Controller of Railway Priorities, Calcutta, the Traffic Manager was asked to assist in the movement of 3 cwts. of Cinchona bark from Chikmagalur to Cawnpore.

I regret I was not aware of the notification referred to in your above which I have since perused. The Notification only "prohibits the felling or disposal of Cinchona trees or part of Cinchona trees wherever found in the State" and does not seem to me to impose any restriction on transport of cinchona by rail or otherwise. Nor have instructions been issued separately by Government in this behalf as to any authority empowered to issue permits. No instructions have been issued to stations not to accept such consignments. Under the circumstances it will not be competent for me to issue instructions for the non-acceptance of the consignments tendered by parties unless a Government Notification is issued under the Defence of India Rules as applied to Mysore, prohibiting the transport, and prescribing if the Government are pleased to consider it necessary, the officer empowered to issue licenses for such transport. However as the Director of Public Health has also addressed me on the necessity for banning exports of Cinchona and as you have also stressed this point I am under powers vested in me as State Controller of Railway Priorities issuing a notification temporarily to the staff not to accept such consignments pending the issue of the Government notification referred to. I request that necessary action to have the notification suggested above issued by Government at an early date.

No.
Date 7.5.45

The Secretary to Government,
Law Department, Bangalore.

Sir,

I have the honour to state that Government in notification No.G.10295/Med. 245-42-2, dated 1st March 1943, prohibited felling or disposal of cinchona trees or part of cinchona trees which are found in the State. In pursuance of this Government Order, the Deputy Commissioner, Kadur District, was requested to prohibit felling of cinchona trees and the export of cinchona bark outside the State. As suggested by the Deputy Commissioner, vide copy of letter, the Controller of priorities for Rail Transport Mysore State, was addressed to issue necessary instructions to the Station Masters of Railways Stations in Kadur District not to accept booking of cinchona bark for transport outside the State.

I am enclosing for favour of information of Government, a copy of letter addressed by the Controller of Priorities for Railway Transport in Mysore, to the Deputy Commissioner, Kadur District, copy sent to me with a request that Government might be moved to issue a notification in the matter under the D.I.R. rules. I, therefore, request you to kindly have a notification of Government issued prohibiting acceptance of cinchona bark for transport outside the State by private parties at the rail head within the State. Government may also be kindly moved to appoint a local officer empowering him to issue licenses for transport within the State. It is suggested that the Deputy Commissioner of the district may be appointed as competent authority to issue such licenses.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health.

Letter No.A3.C.3533/44-45, dated 17th April 1945, from the Deputy Commissioner, Kadur District, Chickamagalur, to the General Manager, Mysore State Railways, Mysore.

Subject:- Re-Export of cinchona bank.

I have the honour to state that cinchonabark is the monopoly of Government as its selling or disposal has been prohibited vide Govt. notification No.G.10295/Med. 246-42-2, dated 1st March 1943, which has been published in page 253-Part III (i) of the Mysore Gazettee dated 4th March 1943. In view of this, I request you kindly to intimate how a priority certificate was issued by the Railway authorities for the transport of three Cwts. of the said commodity from Chickamagalur to Cawnpore.

Copy of the foregoing is forwarded with compliments to the Director of Public Health in Mysore, Bangalore, for information. The Railway Department may be addressed to stop further booking of the commodity.

Letter No.P.732, dated 30-4-1945,from the Controller of Priorities for Rail Transport in Mysore State, Mysore State Railways, to the Deputy Commissioner, Kadur District, Chickamagalur.

****

Subject:- Export of cinchona bark.

With reference to your letter No.A3.C.3533/44-45, dated 17-4-1945, on the above subject, I write to inform you that on the request of the Regional Controller of Railway Priorities, Calcutta, the Traffic Manager was asked to assit in the movement of 3 cwts. of Cinchona bark from Chickamagalur to Cawnpore.

I regret I was not aware of the notification referred to in your above which I have since perused.
